Well 2018 sees us planning just the one event - yes, we have finally had to admit that the two, which of logistic necessity, were within 4/5 weeks of each other, was becoming a struggle! We therefore reluctantly decided that 2017 would be "Last Night of Primrose Proms" here in the garden! But what a night to go out on! A perfect summer's evening, generous and lovely guests as always, delightful music and fantastic food together with the promise from two Barclays employees to sponsor the £ for £ matched funding resulted in the Primrose Centre benefiting to the tune of £5,081 with a further £2,501 from Cream Teas!

A BIG THANK YOU TO EVERYONE who helped make these amazing donations possible!

How lucky we have always been with unwanted gifts etcetera being donated for the Tombola and every year sees someone clearing out their own or a relative's garage/shed and getting a phone call - "would we like to see if there is anything suitable"? Ted is always happy to look and it is amazing after a 'tidy up' what we are then able to sell - the old tool/garden bits is always a popular stall, especially with the men! Likewise the plant stall, although we obviously pot on lots of plants as we work in the garden, the offer of spare ones is always much appreciated. If you have anything you think may be suitable, do please contact Maureen or The Primrose Centre 01689 880218

We hope you will be able to support our fund raising event in the knowledge that all monies raised goes to this small local Charity which gets no Government/NHS funding so relies on donations and fund raising to provide much appreciated therapies and support to those diagnosed with Breast Cancer

Ted and Maureen look forward to welcoming you to our Garden on
